

AUTORIMESSA

This is a hand-drawn architectural floor plan of a building. The main structure is a large rectangle. On the left side, there is a smaller rectangular extension labeled 'AUTORIMESSA' (Garage). This extension is further divided into two smaller rectangular sections. A curved line, possibly representing a driveway or a path, starts from the bottom left and curves towards the right side of the main building. At the bottom center, there is a small rectangular area with a cross-hatch pattern, which might represent a well or a specific structural feature. The drawing is done in black ink on a white background.
